

# GLOSSARY

## **3D - Three-Dimensional**

3D refers to the representation of objects or spaces in three dimensions, encompassing width, height, and depth. This concept is widely used in various fields, including computer graphics, architecture, and medical imaging, to create realistic models and simulations. 3D scanning technology was employed to create detailed models of Notre-Dame's structure, aiding in its restoration efforts after the 2019 fire.

## **LVMH - Moët Hennessy Louis Vuitton**

LVMH is a French multinational corporation specializing in luxury goods, including fashion, cosmetics, and wines. The group is renowned for its prestigious brands such as Louis Vuitton, Dior, and Dom Pérignon. Following the Notre-Dame fire, LVMH and the Arnault family pledged €200 million to support the cathedral's restoration, showcasing their commitment to cultural heritage.

## **UNESCO - United Nations Educational, Scientific and Cultural Organization**

UNESCO is a specialized agency of the United Nations aimed at promoting international collaboration in education, science, and culture. It designates World Heritage Sites to preserve cultural and natural heritage of outstanding value. After the Notre-Dame fire, UNESCO offered expertise and support for restoration efforts, emphasizing the cathedral's significance as a cultural landmark.

## **VR - Virtual Reality**

Virtual Reality (VR) is a technology that creates an immersive simulated environment, allowing users to interact with and experience a computer-generated world as if it were real. This is achieved through devices such as VR headsets and motion controllers. In the context of Notre-Dame, VR has been utilized to visualize the cathedral's interior and exterior, providing insights into its architectural features and the restoration process. This technology enhances public engagement and serves as a valuable tool for researchers and conservators.

# QUIZ

To check the knowledge acquired, we offer you the following quiz.

**1 - When did the construction of Notre-Dame de Paris begin?**

- a – In the 12th century
- b – In the 14th century
- c – In the 10th century
- d – In the 16th century
